Notification Letter of Scientific Paper Presentation

Paper reference: p2988

Title: "Sky Viewer Investigations for LSST EPO"

We herewith confirm that author of the aforementioned scientific paper has successfully submitted a contribution which has been accepted and selected as "Poster" in the frame of the XXVII version of the Astronomical Data Analysis Software and System conference series (ADASS) that will be held on October 22-26, 2017 at Sheraton Santiago Hotel & Convention Center.

We recall you that you are expected to submit a preliminary version of your paper before October 16th and that all submissions must adhere to the submission guidelines to be accepted for publication in the respective conference proceedings of ADASS. The Proceedings are published by the **Astronomical Society of the Pacific (ASP)** as part of their **Conference Series**.

The deadline to submit a preliminary version of your manuscript is **October 16th**, midnight CLST. Submitting the preliminary version is **mandatory** to have your paper published in the proceedings. The deadline to submit the final version (camera-ready paper) is **November 30th**, midnight CLST.

Detailed instructions on how to write and submit a paper for the **ADASS** proceedings are available in: <http://www.adass.cl/wp-content/uploads/2015/09/Manuscript-Instructions-adass.pdf>.

Thank you very much for your interest in participating and we believe your contribution is very important for the success of the event.

Looking forward to see you in Chile.

Cordially yours,

Pascal Ballester
